Dear Forough:

It was a pleasure to join you at Hinson Middle School for the Food Brings Hope event. I am extremely grateful for this program for giving new opportunities for Florida's students. During this challenging economic period, many families struggle with providing their children the nutritional meals they need to develop. I applaud programs like this that provide our schools and families with the resources they need to help Florida's students excel.

Thank you for your support and commitment to our schools and our students. It is because of this dedication to our youth that we can ensure the future of our state. Together, I am confident we will continue to provide more opportunities to the youth of Florida.

I am honored to serve the People of Florida, and I look to our future with great excitement.

Sincerely,
