

Building the Future!

A FINANCIAL AND CHARITABLE PLANNING GUIDE

An Ormond Beach Philanthropist Introduces The Food Brings Hope Initiative

Food Brings Hope (FBH) is a donor-advised fund of The Community Foundation, with a mission to help break the hunger and poverty cycle for homeless and economically disadvantaged children in Volusia and Flagler county schools. The initiative funds a school-based program called "The Teen Zone," which provides at-risk students with meals within the structure of a tutoring and activities program.

Forough B. Hosseini, founder and chairperson of this initiative, is a local businesswoman who is dedicated to fulfilling her dream that all school-age children in our local community should be free from hunger. *"We work closely with caring partners in the school district, social service agencies, businesses and others who provide us with the benefit of their time and resources,"* Mrs. Hosseini says. *"The Community Foundation helped me customize a charitable solution in achieving my goals, while I also stay meaningfully involved in evaluating and sustaining the impact of my contribution."*

Many people feel overwhelmed with charitable organizations campaigning through the mail. So many requests can tire and confuse even the most generous among us. There are ways, however, to revive the pleasure

found in helping others. One of them is the simple process of setting up a donor-advised fund with The Community Foundation, where you can easily implement a strategy that could lead to some of the most fulfilling acts you have ever performed.

If you are interested in helping FBH, contact The Community Foundation. You can also apply to set up your own donor-advised fund with a customized name and objective of your own selection, with a minimum investment of \$50,000 in cash or property. We can help you make a personal plan and prudently evaluate your personal choices. When you're ready, please give us a call.

Forough B. Hosseini
