DAYTONA BEACH – Food Brings Hope was honored to be selected by the Volusia Building Industry Association (VBIA) as its official charity of choice and received a donation of \$2,500 at the association’s Christmas party on Dec. 12.

“The VBIA is very proud to adopt Food Brings Hope as its official charity of choice,” said Sandy Bishop-Burke, executive director of VBIA. “We look forward to doing more toward their cause.”

In addition to a monetary donation, the VBIA also contributed to FBH’s holiday toy drive for its participating schools. VBIA delivered more than 20 bikes and other toys to TeenZone participants at Holly Hill Middle School.

“We thank the VBIA for its continued support,” said Forough B. Hosseini, founder and chair of FBH. “Partnerships such as this are what bring us closer to our goal of breaking the hunger and poverty cycle among our students.”
